FINANCIAL SUPPORT FORM

We would like to give you an opportunity to support this community outreach ministry. Our vision is to keep counselling affordable to the hurting in our community. Many of the agencies that provide counselling service in the Edmonton and surrounding communities have a fee structure between \$70 & \$120 per hour. That means an individual or single-parent that is earning minimum wage would probably not be able to afford those fees. Many of our clients are individuals that earn less than \$12,000.00 per year. They are now receiving the help they desire because of the affordable counselling services provided by The Counselling Center (TCC) and our supporters.

To make affordable counselling a reality is the vision of TCC and to make it accessible for those individuals that need help. It costs \$65.00 an hour to keep TCC operational. This is why we are asking you to financially support the vision of affordable counselling and provide you the avenue to support this outreach ministry on a monthly basis. We believe that we need to walk in integrity with you, our supporters. Therefore, on your request, you can receive annual financial statements as well as attend our annual business meetings.

Yes! I would like to partner with TCC.

I would like to make a one year commitment to support a monthly amount.
